

Region 4 Workforce Board Adult Follow-Up Policy

Purpose: To provide policy for the provision of follow-up services to adult who enter into unsubsidized employment.

References: WIOA Sec. 134 (c), TEGL 19-16

Follow-Up Services

Follow-up services must be provided, as appropriate, including counseling regarding the workplace, for participants in adult activities who are placed in unsubsidized employment, for up to 12 months after the first day of employment. While follow-up services must be made available, not all of the adults who are registered and placed into unsubsidized employment will need or want such services. Also, the intensity of appropriate follow-up services may vary among different participants. Participants who have multiple employment barriers and limited work histories may require significant follow-up services to ensure long-term success in the labor market.

The goal of follow-up services is to ensure job retention.

Follow-up services must be made available for a minimum of 12 months following the first day of employment.

- Follow-up services could include, but are not limited to:
 - Additional career planning and counseling;
 - Contact with the participant's employer, including assistance with work-related problems that may arise;
 - Peer support groups;
 - Information about additional educational opportunities, and referral to supportive services available in the community.

Note: Individuals in follow-up may not receive supportive services.

Effective: July 2017
