

Region 4 Workforce Development Board
On-the-Job Training Policy

PURPOSE: To define the Region 4 Workforce Board (WDB) policy and procedures governing the On-the-Job Training program. The main changes is the use of OJT in tandem with Individual training accounts (ITAs) for registered apprenticeships.

I. BACKGROUND OF FEDERAL REGULATIONS GOVERNING OJT

On-the Job training is a training activity that is allowable under the Workforce Innovation and Opportunity Act (WIOA). WIOA defines on-the-job training as:

“Training by an employer that is provided to a paid participant while engaged in productive work in a job that:

- Provides knowledge or skills essential to the full and adequate performance of the job;
- Provides reimbursement to the employer of up to 50 percent of the wage rate of the participant, for the extraordinary costs of providing the training and additional supervision related to the training; and
- Is limited in duration as appropriate to the occupation for which the participant is being trained, taking into account the content of the training, the prior work experience of the participant, and the service strategy of the participant, as appropriate.”

In OJT, WIOA participants are hired by an employer and the employer is responsible for providing training to the participant. Federal regulations require that OJT participants be hired as regular employees by the OJT employer by the date the training is to begin. OJT participants must be compensated at the same wage rates, including periodic increases, and provided with the same benefits and working conditions as other employees who are similarly situated in similar occupations by the same OJT employer and have similar training, experience, and skills.

On-the-job training is considered occupational skills training (not a subsidy to an employer) in exchange for the reimbursement of up to 50 percent of the wage rate to compensate for the employer’s extraordinary costs of training, lower productivity of the trainee, and additional supervision related to the training.

The OJT contract is to outline the respective required duties of an OJT employer and the WDB or its designee as they relate to the provision of an OJT. Each contract, at a minimum, must contain the provisions included in Attachment B (Minimum Provisions to be Included in OJT Contracts) of this policy. During negotiation of an OJT contract, the WDB or its designee should estimate the training cost for the employer; this estimation should be used as a basis for negotiating the percentage of wages that would be reimbursed to the employer during the training period. The percentage of wages reimbursed to the employer cannot exceed 50 percent unless designated by the Board.

During negotiations of an OJT contract, the WIOA Service Provider should estimate the training cost of the employer; this estimation should be used as a basis for negotiating the percentage of wages that would be reimbursed to the employer during the training period. The percentage of wages reimbursed to the employer cannot exceed fifty percent, unless approved by the Board. However, as provided in WIOA, employers are not required to document the extraordinary costs of training as OJT is implemented.

The duration of the training must be established as part of the OJT contract. The duration should be of sufficient length to ensure the acquisition of skills by the participant and proficiency in the occupation for which the training is being provided while not being excessive in length. The maximum duration for WIOA funded OJT in the State of Indiana is six months. Special exceptions to the maximum duration must be approved in writing by the Associate Chief Operations Officer for Policy for the Indiana Department of Workforce Development.

In determining the appropriate length of the contract, consideration should be given to the skill requirements of the occupation, the academic and occupational skill level of the participant, and prior work experience.

It is generally expected that the OJT contract would be a two-party contract, but in some instances, an OJT employer may utilize an employment service or other third-party human resource service to serve as the employer-of-record for new workers employed by the company. In these instances, the WDB or its designee may utilize three-party contracts, which specifically delineate the responsibilities of each party. In instances involving three-party contracts, both the OJT employer and the employer-of-record must abide by the governing provisions contained within this policy.

OJT and Eligible Employed Workers

OJT contract may be written for an eligible employed worker when the additional below requirements are met:

- 1) The employee is not earning a self-sufficient wage (as determined by local policy); and
- 2) The OJT relates to the introduction of new technologies, introduction to new production or service procedures, upgrading to new jobs that require additional skills, and workplace literacy.

The R4WBD defines self-sufficiency as:

Self-sufficiency for individuals participating in training under the WIOA *Adult Program* is 200% of the Economically Disadvantage Criteria level based on family size.

Self-sufficiency for individuals participating in training under the *Dislocated Worker Program* is the higher of at least 80% of the participant's wage at layoff or the Economically Disadvantage Criteria level, and the participant is in permanent employment. An eligible Dislocated Worker who is in stopgap or temporary employment following economic dislocation shall not be considered self-sufficient even though the prevailing wage proves otherwise

OJT and Registered Apprenticeship Programs

Individual training accounts (ITAs) and OJT funds may be combined to support placing participants into a registered apprenticeship program, just as they can be used together for a participant who is not in a registered apprenticeship. See local ITA policy for ITA duration and financial limits.

- An ITA may be used to support the classroom portions of the apprenticeship program, and OJT funds may be used to support the on-the-job training portions of the program.
- Depending on the length of the registered apprenticeship and local OJT policies, these funds may cover some or all of the registered apprenticeship training.

II. LIMITATIONS ESTABLISHED BY WIOA

- OJT contracts may not be established with employers that have previously exhibited a pattern of failing to provide OJT participants with continued long-term employment (with wages, benefits including health benefits), and working conditions that are equal to those provided to regular employees that have worked a similar length of time and are doing the same type of work.
- Funds may not be used to reimburse OJT employers for any overtime hours worked by the OJT participant. Overtime hours are generally needed for increased production demands and are rarely needed to provide additional training to participants.
- WIOA funds may not be used or proposed to be used for the encouragement or inducement of a business, or part of a business, to relocate from any location in the United States, if the relocation results in any employee losing his or her job at the original location.
- WIOA funds may not be used to provide OJT if the business has relocated from any location in the United States and the relocation resulted in any employee losing his or her job at the original location. This prohibition is no longer applicable after the company has operated at the new location for 120 days. To verify that an establishment (which is new or expanding) is not, in fact, relocating employment from another area:
 - A standardized pre-award review must be completed and documented jointly by the WDB or its designee and the OJT employer as a prerequisite to WIOA assistance.
 - The review must include names under which the establishment does business, including predecessors and successors in interest; the name, title, and address of the company official certifying the information; and, whether WIOA assistance is sought in connection with past or impending job losses at other facilities, including a review of whether WARN notices relating to the employer have been filed.
 - The review may include consultations with labor organizations and others in the affected region or local area(s). See Attachment A for details.
- Funds provided to employers for OJT must not be used to directly or indirectly assist, promote or deter union organizing.

- A participant may not be employed or assigned to an OJT if:
 - Any other individual is currently on layoff from the same or any substantially equivalent job;
 - The employer has terminated the employment of any regular employee or caused an involuntary reduction in its workforce with the intention of filling the vacancy with OJT participants; or
 - The OJT position is created in a promotional line that infringes in any way on the promotional opportunities of currently employed workers.
- OJT funds can only be used to pay for training for positions that pay a minimum of \$10 per hour, or \$20,800 annually for Adult or Dislocated Worker, Out of School Youth, or In-School youth who have graduated. Special exceptions to this guideline must be approved in writing by the Associate Chief Operations Officer for Policy for the Indiana Department of Workforce Development.
- The expenditure on an individual OJT contract is limited to \$13,000 annually.
- Participants may only be provided OJT one time in any twelve month period. The only exception is when an OJT participant has successfully completed the training and was subsequently laid off through no fault of his/her own.

III. GUIDELINES GOVERNING ON-THE-JOB TRAINING

The provisions of on-the-job training at the regional and local level must adhere to the following guidelines established by the State Workforce Innovation Council:

- OJT must be for occupations in-demand and should be for high-wage or high demand occupations as defined by the R4WBD.
- OJT should result in long-term employment for the WIOA participant.
- OJT funds can only be used to pay for training for position that pay a minimum of \$10 per hour, or \$20,800 annually for Adult or Dislocated Worker participants, Out-of-School Youth or In-School Youth who have graduated. Special exceptions to this guideline must be approved in writing by the Director of Policy for the Indiana Department of Workforce development.
- OJT reimbursements are limited to 50 percent or less of the wage rate.
- The maximum expenditure on an individual OJT contract shall be \$13,000 annually.
- The duration of an OJT shall be limited to a period of time needed for the WIOA participant to become proficient in the occupation. The maximum duration for WIOA-funded OJT in the State of Indiana shall be six months. Special exceptions to the maximum duration must be approved in writing by the Director of policy for the State of Indiana Department of Workforce Development.
- All job openings for which OJT is to be provided must be posted on Indiana Career Connect.
- Customers who have significant previous work experience in the OJT occupation may not participate in OJT unless additional skill training need is documented along with specific new skills to be acquired during the OJT.
- Employment of an OJT customer with the customer's previous employer in the same, similar, or an upgraded job is not permitted.
- OJT agreements may be made with businesses and agencies that are represented on the R4WBD, if all policies included herein are followed, and conflict of interest provisions are complied with, and provided the R4WBD member does not influence the site selection or customer intake process.

On-the-Job Training Process

1. WorkOne staff works with the employer to complete the pre-award review (Attachment A). The WDB, or its designee, is responsible for validating information provided in the pre-award review during the mandatory on-site monitoring visit.
2. WorkOne staff works with employer to determine the number of workers needed by the employer, the skills, experience, and other job requirements usually required for the job opening. Staff should utilize tools, such as Specific Vocational Preparation and O*Net, to determine the normal duration of training that is required for that job classification. Additional guidance on determining the appropriate duration of an OJT is contained in Attachment D.
3. WorkOne staff ensures that job openings to be considered for OJT participants are listed on the State's Job Match System -Indiana Career Connect.
4. WorkOne staff works with the OJT employer to recruit and select OJT participants for the specific openings. Ultimate hiring determinations must be made by the OJT employer.
5. WorkOne staff works with the employer and participants to determine skill gaps and the training plan for selected participants. Each participant must have an individual training plan that must be documented in case notes of the State's electronic case management system. A sample training plan is included in Attachment C.
6. WorkOne staff establishes OJT contract(s) with the OJT employer for each individual participant.
7. When the employer hires the new worker, the OJT officially begins. An OJT for an employed worker officially begins when training that was outlined in the OJT agreement begins. Service records must indicate start date of the OJT.
8. Employers are to provide regularly scheduled invoices to Service Provider, for reimbursement. Payroll records need to support invoice amounts.
9. The Service Provider conducts monitoring of OJT contracts and follow-up with OJT participants. Monitoring of OJT contracts and follow-up with OJT participants must be documented in service records.
10. Employer electronic signatures on OJT forms are authorized in accordance with IC 26-2-8 "Uniform Electronic Transaction Act".

IV. GENERAL GUIDELINES FOR DEVELOPING OJT TRAINING OUTLINES

The R4WDB philosophy focuses on an individualized approach to meeting the employment and training needs of WIOA customers. This philosophy requires a high degree of flexibility and creativity within the limitations and restrictions of the governing laws, regulations, and policies. Therefore, these guidelines will address specific DOL requirements while remaining consistent with R4WDB service delivery philosophy.

The following items are included in this section: methodology for determining length of training and the minimum skill level approval; determination of specific tasks or skills to be taught over the term of the contract and the skill level to be attained; and, level and type of supervision to be provided.

Length of Training, Minimum Skill Level

The task of identifying the specific skills for which an OJT customer will receive training is a collaborative effort among staff, employer and the customer.

In order to determine Length of Training, the O*Net Code for the training occupation must be determined and the corresponding Specific Vocational Preparation (SVP) number identified. The *Selected Characteristics of Occupations Defined in the Dictionary of Occupational Titles* provides an SVP number for each DOT Code.

Service Providers will maintain adequate documentation, which reflects how the OJT length was calculated.

Training time should be adjusted in consideration of prior work experience; prior training and/or additional training required supplementing the OJT. No OJT shall be written for less than 30 days. In no event may reimbursement exceed 6 months, including time spent in related classroom training during which the employer pays wages.

The training outline will be reviewed with the trainee and the employer.

OJT Contract Approval

Service Providers shall have the authority and responsibility to negotiate, approve, and monitor OJT agreements, subject to the following guidelines:

1. The trainee cannot begin his/her training with an OJT employer prior to the effective date of the OJT contract.
3. The Service Provider assumes all liability (including the resolution of questioned costs) pertaining to contracts that they negotiate and execute with OJT employers.
4. All contract documents must be signed by authorized representatives of both the employer and the Service Provider prior to the commencement of training activities.

OJT/Reimbursement

1. The OJT employer may request reimbursement at the fixed rate specified in the contract, not to exceed an amount equal to 50% of the wages paid to the trainee.
2. Paid hours not actually worked, any hours in excess of 40 within a calendar week, and overtime pay in excess of the regular hourly wage will not be reimbursed.
3. The Service Provider is solely responsible for reviewing and approving employer reimbursement requests and for any liability associated with such requests.
4. Employer reimbursement requests must show the daily hours worked by the trainee (not including overtime) and must be signed by the employer's authorized representative.

V. MONITORING AND FOLLOW-UP REQUIREMENTS

R4WBD have proactive responsibilities to monitor the successful operation of OJT contracts. At a minimum, Service Providers, shall conduct monthly check-ins on all OJT worksites and conduct at least one fully documented monitoring visit throughout the duration of the OJT contract. The primary purpose of these check-ins and monitoring visits is to ensure that the OJT employer is following all specifications included in the OJT contract and that the OJT participant is making satisfactory progression through his or her training plan. (See **Attachment E**)

Additionally, WorkOne staff shall provide meaningful follow up services to OJT participants. WorkOne staff shall conduct monthly check-ins with OJT participants throughout the duration of their training and for six months following the successful completion of the OJT. These check-ins shall determine if the participant is in need of additional WorkOne services in order to successfully retain his/her employment. All check-ins shall be documented in the State's electronic case management system as a follow-up service.

If, during the course of on-site monitoring, employer deficiencies are discovered, Service Providers will report them in writing to the R4WBD designee and discuss them with the employer. Corrective action will be required within 10 working days of this discussion, after which a follow-up visit will be conducted. If the employer fails to take satisfactory corrective action, the Service Provider will terminate the OJT agreement.

VI. GENERAL PROVISIONS, ASSURANCES, AND CERTIFICATIONS

On-the-Job Training Plans Guidance

Many OJT plans simply contain a job description taken verbatim from the O*NET and broken down by job components with a projected training time for each component. Such an approach does not convey the message that training is being conducted, i.e., skills are being taught and skills are being learned.

Training activities must be described clearly to show that the employer is obligated to conduct training.

- Skills to be learned should be separately listed with training times estimated for each.
- Training times must be reasonable.
- Training times must be geared to both the complexity of the job and the abilities of the trainee.
- The training plan must identify the job title of the person(s) responsible for the training.
- The training plan must be monitor able. The WIOA participant, supervisor, and/or trainer should be knowledgeable about its contents.

Determining the Appropriate Duration of an OJT

To ensure that the duration of the OJT is appropriate, Specific Vocational Preparation (SVP) codes associated with various occupational coding systems (i.e., DOT, OES, SOC, or the Occupational Units of the O*Net system) should be utilized. The SVP code for an occupation is the amount of lapsed time required by a typical worker to learn the techniques, acquire the information, and develop the facility needed for average performance in a specific job-worker situation. SVP codes range from 1 – 9 levels. Each level suggests an appropriate duration for training as shown:

SVP Level	
1	Short demonstration only
2	Anything beyond short demonstration up to and including 1 month
3	Over 1 month up to and including 3 months
4	Over 3 months up to and including 6 months
5	Over 6 months up to and including 1 year
6	Over 1 year up to and including 2 years
7	Over 2 years up to and including 4 years
8	Over 4 years up to and including 10 years
9	Over 10 years

SVP codes for various occupational coding systems may be obtained through DOL's O*Net web site at <http://online.onetcenter.org/> by clicking on "OnLine Help." Note that the duration of training suggested by the SVP for a given occupation is only a starting point for negotiations with an employer. In determining the specific duration for a specific contract, consideration should be given to the skill requirements of the occupation, the academic and occupational skill level of the participant, prior work experience, and the participant's individual employment plan.
