RTW Incentives to Collect Employment Outcomes Policy
Modified 03/2018

PURPOSE: To establish policy and provide direction on the implementation and allowance of incentives to collect employment outcomes funds for Ready to Work clients as identified in the Ready to Work grant.

Placement in Employment, Education or Training:

Incentives to collect Employment Outcomes Funds may be awarded to Ready to Work Clients based upon the client providing information on their employment status after they leave the program.

Participants must meet the following eligibility requirements:

- Unemployed 27 consecutive weeks or more since 1/1/2008
- Underemployed 27 consecutive weeks or more since 1/1/2008
- Merely unemployed

POLICY: The criteria for incentives to collect employment outcomes Funds are tied to the Ready to Work performance outcomes as established by the Department of Labor. Incentives to collect employment outcomes Funds may be awarded to Ready to Work Clients based upon the client providing information on their employment status after they leave the program, for the purposes of reporting these employment outcomes to the Department of Labor. Incentives to collect employment outcomes are utilized for the purpose of developing and implementing techniques and approaches, and demonstrating the effectiveness of specialized methods, in addressing employment and training needs. Therefore, grant funds can be provided for payments to adult participants who report their employment status after they leave the program to support grantee efforts in collecting employment follow-up data and increasing reported employment and retention results. These incentive payments can be used to collect information on whether employed or not employed but must be tied to the goals of the grant. If an individual has left the program but not exited this would be a good opportunity to re-engage the person for successful transition to employment before the 90 day with no service exit.

Case Managers will be responsible for documenting the attainment of incentives to collect employment outcomes for each Ready to Work Client and proper documentation to support the incentive scanned into case management system.

Note: Under 2 CFR 200, Federal funds may not be spent on entertainment costs. Therefore, incentives may not include entertainment, such as movie or sporting event tickets or gift cards to movie theaters or other venues whose sole purpose is entertainment.

PAYMENT METHOD: Incentives shall be paid to Ready to Work clients in the form of gift cards/certificates matching the assigned incentive amount for each achievement. When incentives in the form of gift cards/certificates are given, a receipt of such signed by the participant will be part of the case file. All incentive payments shall be described and noted in the case management file. This shall include the amount, type of payment method, and justification. **Please note:** Incentives are not to be dispersed as payroll, and, thus, income tax is not to be withheld.

ANNUAL REVIEW: JobWorks will annually review and determine if their Ready to Work budget allocation can support all planned incentives. JobWorks will issue formal guidance to staff on which incentives are affordable within annual budgets.
