The Kokomo Housing Authority (LHA) administers the Section 8 Housing Choice Voucher program to households in the cities of Lafayette, West Lafayette and the five-mile radius surrounding the cities. It is one of the federal government's largest programs for assisting low income families to secure housing at an affordable cost. Funding for the Section 8 program is provided from the Department of Housing and Urban Development (HUD). Participants on the program rent from private landlords and pay approximately 30% (not to exceed 40%) of their adjusted gross income toward rent, including an allowance for utilities paid by the participant. The Housing Authority pays assistance based on a payment standard set for the participant. The assistance is tied to the participant, not to the unit and thus provides flexibility to the participant in choosing where they want to live.

This includes full diagnostic psychiatric evaluation, medication management and follow-up, psychiatric consultation evaluation, psychiatric education and care guidance amongst our multidisciplinary treatment teams. Services are provided in both inpatient and outpatient settings.

Four County can help you in your recovery journey! Our clinicians provide an array of services including individual, family, groups, recovery coaching and Medication Assisted Treatment (MAT) to assist individuals that want to eliminate substance abuse or an addiction from their life. Our recovery clinicians are trained in a wide range of evidence-based approaches to treatment.

We adhere to two mottos in our system-wide approach to recovery: No Wrong Door and We Ask Everyone. Four County was the FIRST community mental health center in the state of Indiana to implement Screening, Brief Interventions, and Referral to Treatment (SBIRT). This means that all clinicians who work at Four County are trained to screen and effectively triage to the appropriate level of care for individuals impacted by substance use disorder. We have adapted our approach to SBIRT to include not only screening for alcohol, illegal drugs, misuse of prescription drugs, but also tobacco and gambling.

We also offer a MaT-Rx (Maximizing Tools in Recovery) program that uses a wraparound approach to treatment with a combination of Medication Assisted treatment and outpatient treatment. To learn more about opioid use disorder and treatment, visit <https://www.in.gov/recovery/know-the-o/>.

Four County medical staff are available in Cass, Miami, Fulton, Howard, Tipton and Pulaski Counties.
